TRUST FUNDS

Report of Trustees of Trust Funds for Year Ending December 31, 1961

There are in custody of the Trustees the following Trust Funds bequeathed to the town of Benton. The income shown (184.39) is that received during the year 1961 and the distribution of income is as specified by the donors of the funds. The amount in certain of the funds is somewhat greater than in previous years for the following reason:

As a result of banking difficulties at the time of the 1933 Bank Holiday, the Lisbon Savings Bank and Trust Company was reorganized and the accounts of all depositors were assessed and reduced by twenty-five percent. Under a Plan of Recapitalization of the Lisbon Bank which became effective on July 3, 1961 thirty percent of the amount so assessed was returned to the affected Trust Funds.

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Benton of which the above is a true summary for the fiscal year ending June 30, 1961 and find them correct in all respects.

IONA BOUTIN, Auditor

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Benton School District:

I herewith submit my nineteenth annual report as Superintendent of Schools.

The total enrollment of the Benton Street School in 1960-1961 was 23, the average membership was 21.2 and the percent of attendance 97.6. Three pupils attended on a tuition basis from the school district of Easton and one from Haverhill. There were ten pupils enrolled in other districts; three at Haverhill Academy, one at Plymouth High School, one at Woodsville High School, three at Haverhill Elementary, and two at Warren Elementary School.

At the Benton Street School this year the total enrollment is 23, which includes three tuition pupils from Easton and two tuition pupils from Haverhill. There are three elementary pupils and three high school pupils attending Haverhill, one pupil attending Warren Elementary, one pupil enrolled at Plymouth High School, and two pupils attending Woodsville High School.

With the new elementary school under construction at Woodsville it appears that it will be a good move to send the 7th and 8th grades there next year, on a tuition basis. School conditions are changing everywhere and there are few schools left in New Hampshire where one teacher teaches all eight grades. Teachers are no longer being prepared for this work and it will be very difficult to secure a replacement when Mrs. Boemig leaves. This is Mrs. Boemig's seventh year at Benton and several times she has expressed the thought that she may be unable to return.

This year's budget has been prepared with the possibility of sending Grades 7 and 8 to Woodsville. Your School Board will discuss the details with you at the annual school meeting.

May I repeat what I said in the 1958 report. The typical one-room school today maintains six grades or less. This practice permits the teacher to concen-

trate on lower grade work and at the same time gives the older children a chance to attend village junior high school and make an easier transfer to high school.

Perhaps Woodsville will accept all the Benton children, Grades 1-8. If so, there are advantages to be gained.

By all means contact your School Board members when questions arise about school affairs. Your Board members are only too happy to be of assistance to you.

My personal thanks are extended to the School Board. I trust that each of you finds that service to the school children of Benton is a rewarding experience.

Respectfully submitted,

RONALD A. PERHAM

Program of the White Mountains Region Association

The White Mountains Region Association as a voluntary non-profit organization, receives support from the communities of the Region, the state and from individual members so that a program of cooperative promotion and development of northern New Hampshire may be carried on.

The Association publishes and distributes six different folders a year advertising the many advantages of the Region. It receives and carefully answers about 6,000 letters per year from people interested in a vacation in the North Country. The value of this single service cannot be over-emphasized. Recent surveys have shown that the tourists attracted by this mailing service have spent many hundreds of thousands of dollars in the Region. The Association sponsors the annual fall foliage tours, and represents the Region at national travel shows.

Through its board of directors, it is able to speak for the Region's needs at state and national hearings and at important meetings within the Region. It maintains a news release service to local newspapers to help inform the citizens of the North Country of worth-while activities and economic trends.

This winter the Association is running a cooperative ad program with the chambers of commerce in the ski areas to promote skiing in the White Mountains. It cooperates with private promotional groups, local chambers of commerce, and with the state promotional agencies. It promotes the sale of real estate through the mailing of real-estate purchase bulletins to real estate brokers. It conducts labor surveys for groups interested in industrial development, maintains an award program for the 4-H Clubs, and promotes agriculture within the Region.

In uninterrupted service since 1938, it has helped establish the White Mountains Region as a vacation center as fine as any in the world and contributed in many other ways to the economic betterment of all forty-six communities in northern New Hampshire.
